

DEAD CENTER

FEATURES ;

- Accuracy guaranteed to 0,002mm TIR (0,0001").
- Excellent for built-in tail stock machines.
- Works on all CNC machines.
- Heat-treated point to HRC 60±2.
- Meets the rigid requirements of CNC turning and grinding machine.
- Draw-off nut is for easily take out from tail stock.
- Carbide point available (DCC TYPE).
- Carbide point to HRa 90±5.

Available

Carbide Tipped Points

DCC-TYPE

- MT3 : 132003 · MT6 : 132006
- MT4 : 132004
- MT5 : 132005

Dimension

Unit : mm, kg
